SCHOOL OF VALUE & SUCCESS

Adding Value to Humanity to End Ignorance

Welcome to FREE Liberia's School of Value & Success (SVS)

We are delighted to welcome you to the **School of Value & Success (SVS)**—a transformational initiative of FREE Liberia, created to unlock potential, inspire greatness, and equip individuals with the values, skills, and mindset needed to thrive in every sphere of life. At SVS, we believe no one is destined for mediocrity—every life holds value and greatness. Through our hands-on, inspiring, and life-changing trainings, we walk with you on the journey from *ordinary* to *extraordinary*. Here, learning is not just about knowledge, but about transformation—for yourself, for others, and for society. **Welcome home to value. Welcome home to success.**

Vision: To be a leading center of practical learning and transformation that equips individuals with the values, skills, and mindset needed to rise above limitations, achieve lasting success, and positively impact society.

Mission: To empower learners of all backgrounds with hands-on, inspirational, and action-oriented training that transforms ordinary potential into extraordinary achievement. Through innovative programs, mentorship, and life-applicable knowledge, we nurture valuable, successful, and purpose-driven individuals who create meaningful change in their lives, communities, and beyond.

Programs Overview

At SVS, our programs are designed to be **practical, life-changing, and impact-driven**. Each course is crafted to unlock potential, build marketable skills, and prepare learners to succeed in today's competitive and ever-changing world. Whether you are a student, professional, entrepreneur, or community leader, SVS has a program that will add value to your journey.

Professional & Leadership Development

- **Strategic Planning & Management** – Equip yourself with tools to design and execute winning strategies for organizational growth.

- ***School Leadership & Innovation*** – Learn modern approaches to lead schools with vision, creativity, and impact.
- ***School Counseling & Mentorship*** – Gain skills to guide, mentor, and support students for academic and personal success.
- ***Human Resource Management & Development*** – Build expertise in managing people, talent, and organizational performance.

Personal Growth & Empowerment

- ***Trauma Relief & Resilience Building: Tools for Healing & Empowerment*** – Discover practical techniques to heal, build inner strength, and empower others.
- ***Entrepreneurship & Business Management*** – Turn ideas into thriving enterprises through innovation and smart management.
- ***Financial Literacy & Management*** – Master personal and organizational finance to create lasting stability and growth.

Research, Data & Evaluation

- ***Mastering the Art of Research*** – Learn the full cycle of research: from conceptualization to publication.
- ***Practical Data Analysis*** – Acquire hands-on skills in analyzing and interpreting data for decision-making.
- ***Monitoring & Evaluation (M&E)*** – Gain tools to track progress, measure impact, and improve projects and programs.
- ***Project Proposal Writing & Management*** – Learn how to design winning proposals and manage projects for success.

Technology, Media & Creativity

- ***Introduction to Computer*** – Build essential digital skills for academic, professional, and personal advancement.
- ***Creative Graphic Designs*** – Explore design tools to create eye-catching graphics for branding and communication.
- ***Photography & Video Editing*** – Develop creative skills to capture moments and tell powerful stories through media.
- ***Logistics & Procurement Management*** – Learn best practices for managing supplies, operations, and procurement with efficiency.

Teacher Training and Professional Development

Trimester-Based Instruction: November 2025 – August 2026

- **Early Childhood Education (Ages 2–7):** Covers play-based learning, child growth and development, and strategies for inclusive teaching to support early learners.
- **Primary Education – Social Studies & Language Arts (Grades 1–6):** Covers literacy, reading comprehension, civic education, and Liberian history to strengthen communication skills and national identity.
- **Primary Education – Math & Science (Grades 1–6):** Covers numeracy, inquiry-based science, and environmental education to build problem-solving skills and scientific awareness.

Each program is built on SVS’s philosophy of “**learning by doing**”, ensuring that you leave not just with knowledge, but with **practical skills, confidence, and a pathway to success**.

Who Can Attend?

Students, professionals, teachers, youth, and other interested individuals.
